

**FILL 1.**

The first fill revolves around 8th notes, and you play 2 x 8th notes on each drum moving from the snare clockwise around the toms. The first first is just regular time, the 2nd bar is the 8th notes fill..

**FILL 2.**

This fill uses 16th notes and again, moves clockwise around the kit. Start and lead with the RH, so the first note on each new tom is a RH..
